

TRiSTAR-HAMBURG FORUM for Young Researchers

International and Interdisciplinary Networking

November 27-28, 2023

Fostering
Cross-Border
and
Cross-Disciplinary
Communication Skills

Registration
dead line
Nov. 24

Please register early, as some programs are conducted in small groups, and there may be limited availability. Observers are also welcome.

Day 1 Nov. 27 (Mon.) JST 17:00-19:45

Part 1 International and Interdisciplinary Research Experiences

Kazuhiro YABANA (Professor, Center for Computational Sciences, University of Tsukuba)

Theresa Stauer (Faculty of Mathematics, Informatics and Natural Sciences, University of Hamburg)

Part 2 Workshop on Enhancing International and Interdisciplinary Communication Skills

Lecture • Communicating Outside Your Own Scientific Community | Fenja De Silva-Schmidt (HRA)

Group Work • 3-minute research showcase + feedback from diverse disciplines

Day 2 Nov. 28 (Tue.) JST 17:00-19:45

Part 1 International and Interdisciplinary Research Experiences

Kanae MINOWA (Assistant Professor, Institute of Art and Design, University of Tsukuba)

Dana Jalobeanu (Professor, Humanities Division of the Institute of Research, University of Bucharest/HIAS)

Part 2 Workshop on Idea Fusion and Evolution

Lecture • Introduction of International Research Fund

Deutsche Forschungsgemeinschaft (DFG) Office Japan, Deutsche Akademische Austauschdienst (DAAD) Regional Office Tokyo, Japan Science and Technology Agency (JST) Department of International Affairs, Japan Society for the Promotion of Science (JSPS) Bonn Office

Group Work • Interdisciplinary Fusion Meet-up: Beyond Language, Culture, and Research Fields

- How do we connect our small research to the big problems in the world

Mito KOKAWA (Assistant Professor, Institute of Life and Environmental Sciences, University of Tsukuba)

- Healthcare technologies and strategies for society

Hironori OKUMURA (Assistant Professor, Institute of Pure and Applied Sciences, University of Tsukuba)

- Demographic Issues | Misae SASANO (Lecturer, College of Humanities and Social Sciences, Ibaraki University)

- Transfer to society | Kunio KAWANISHI (Assistant Professor, Institute of Medicine, University of Tsukuba)

Format: Online (via Zoom)

Language: English (simultaneous translation from English to Japanese available for some presentations)

Target Audience: Researchers (especially young researchers are welcome), graduate students, and research support personnel (e.g., URA)

We recommend attending both days of the workshop.

Organized by

TRiSTAR: Top Runner Development Program Engaging Universities, National Labs, and Companies

(University of Tsukuba, Ibaraki University, Ochanomizu University),

University of Hamburg, Hamburg Research Academy (HRA), The Hamburg Institute for Advanced Study (HIAS)

Supported by German Centre for Research and Innovation Tokyo (DWIH Tokyo)
