

Amina Daca – Start-up Support & Innovation Management

Transfer Agency hei_INNOVATION; Heidelberg University

Amina Daca, has an academic background in Chemistry and plays a pivotal role in Start-up Support and Innovation Management, at Heidelberg University. She guides aspiring founders and inventors with a science or tech background, facilitating the transformation of their ideas into successful start-ups. In addition to her mentoring responsibilities, she organizes and delivers captivating lectures and workshops to scientists and students, providing them with the knowledge and tools necessary to foster innovation in their respective fields. Throughout her professional journey, Amina has diligently cultivated a diverse network that includes entrepreneurs, mentors and industry experts. She actively seeks connections with like-minded individuals who share a profound passion for innovation and entrepreneurship.
